Subject: Menu for DEA Chemist Seminar

Good Morning Everyone-

We have arranged for the lunches to be catered by a local company named Apple Spice Junction. We have used this company in the past and we have continually received very positive feedback. Below is the menu for each day and a brief description of what is supplied. Please let us know if you have any concerns regarding the menu, so we can accommodate your needs prior to Monday. Also, please remember to bring your \$60 in cash on Monday, and a receipt will be provided.

See you next week. ☺

Monday - Jumbo Burrito Bar: Build your own Jumbo Burrito with Shredded chicken. Served with black beans, cilantro-infused white rice, Pico de Gallo, guacamole, sour cream, peppers and onions, shredded cheese, diced tomatoes, salsa, and tricolored tortilla chips.

Tuesday - Grilled Teriyaki Kabobs: Tender chunks of chicken next to grilled vegetables. Served with wild rice pilaf, garden salad and fresh-baked bread.

Wednesday - BBQ Platter: Your choice of two meats (shredded chicken and beef brisket) served with fresh baked Kaiser rolls, coleslaw, baked beans and a choice of pasta or potato salad.

Thursday – Box Lunches: (menus to be supplied)
